

Share your elevator pitch

As you have learned, an elevator pitch communicates important information about you and your experience to potential employers and other career connections in a short amount of time. An effective elevator pitch includes:

An introduction that provides a brief overview of your professional background

An expression of your interest in the role

A description of your relevant experience and skills

An indication of your interest in the company

You should be able to deliver your elevator pitch in the amount of time it takes to ride an elevator with someone—typically no more than 60 seconds.

Please paste the elevator pitch you developed in the previous activity,

[Draft an elevator pitch](#), in the space below. Or, write an elevator pitch of about 150–200 words. Then, go to the discussion forums and, applying what you have learned, comment on at least two other learners' elevator pitches.
