# Meet and greet

According to behavioral science, one of the best ways to motivate yourself to reach your goals is to give advice to someone else. For this discussion prompt, please write 1–2 pieces of advice to your fellow Google Career Certificate peers. This advice could relate to things like setting and achieving goals, time management, something you're inspired by, or anything else you might think of. Then, read the advice from your peers to find out if any of it resonates with you.
